WELCOME

Good evening! Welcome to the 1973 edition of the Arkansas Activities Association Second Over-all State Basketball Championship Tournament.

The young men about to perform for you tonight are here because they have proven themselves equal, thus far, to the challenges presented them. They have survived through the toughest competition there is, competing against the best in the Arkansas Activities Association.

Whether you are a participant, a parent, an interested spectator, reflect for a moment on the consequences of **your** conduct and **your** performance. Long after the score of tonight's contest is forgotten, friends and foes alike will remember how you conducted yourself.

For the play-offs are the product of the entire program, and all the work and sweat of players, coaches, administrators and officials is culminated in a grand physical, emotional, educational and self-disciplining experience each February and March.

Truly, the Arkansas Activities Association Sports Championships are for all, whether a participant or spectator. The young men and women who have attained the pinnacle of success are representing all the other boys who have made their dream a reality.

Cheer them, applaud them, thank them, but never, never boo them, for to boo them is to condemn all of the efforts of all the student-athletes. They deserve more than that, they have earned it the hard way, through competition with their peers.

Don't jeopardize their program by becoming an "Adult Play-off Moron," one who not only embarrasses his community and school, but does unnecessary harm to the entire athletic program.

So, to the winners—wear your mantle well, knowing that thousands of young men have helped to raise the robe of victory to your shoulders.

And to the other competitors, not losers, for there are no losers—we say congratulations!! Competition is enabling you to mold yourself so that this world will be a little better place in which to live.

Respectfully Submitted,
J. M. "JOHNIE" BURNETT
Executive Director
